TECHNOLOGICAL AND BEHAVIOURAL DYNAMICS IN TEACHING

20TH -25TH JULY 2015

Monday 27 July 2015

KEY HIGHLIGHTS

1) Day 1 - 20th July 2015

Shri. I.P. Aggarwal, Chairman, M.E.R.I group of Institutions inaugurated the session. He emphasized the importance to attend faculty development program and suggested faculty to upgrade pedagogy skills by enhancing their knowledge and applying latest technology in teaching & learning. Prof Lalit Aggarwal, Vice President, MERI supported the opinion and encouraged participants by his benign presence. Prof. Y.L Grover, Director General, M.E.R.I emphasized on creative engagement and talent management of students. He focused on judicious mix of technology and text to facilitate teaching.

Prof A.K Agrawal, Dean Academics and Prof Aseem Makheeja, Dean Corporate also graced the occasion. Prof A.K Agrawal ensured all the systems and practices in place for success of FDP. Programme was anchored by Dr. Archana Sehgal who also wrote beautiful poem on MERI. Participants were all enthusiast professors of MERI who cooperated to the best of their effort for the successful completion of FDP.

Receptive Responsive Interested participants contributed lot in teaching learning process. True success of trainer lies on the contentment of learner. All sessions were quite interactive which facilitated customized learning for the participants. Intellectual rigour, extravaganza of activities, emotional involvement and technical sharpening of skills transformed FDP classroom as cheerful, energetic behavioral lab and technical workshop.

Intellectual rigor for Cognitive Development by invoking thought process and intellect was the attraction of the first day. Dr Neetu Jain, Associate Professor, Indian Institute of Public Administration initiated first technical session with Ice Breaking Exercises followed by Brain Storming, Management Activities. Participants were engrossed in brain storming sessions, activities and management games. Innovative and creative steps were suggested to dedicate our life for the transformation of students.

Dr. Vidhu Gaur, Assistant Professor, MDI, Gurgaon was knowledgeable & philosophical. Effective communication was taught with the help of eastern scriptures commandments and western philosophy. Will and skill mapping was explained for effective communication apart from many contemporary innovative concepts. She drove participants to think and reflect deeply.

2) Day 2 – 21th July 2015

Indeed it was a day dedicated towards the development of Emotional Intelligence. Resource persons stimulated participants towards moral and ethical responsibilities.

Dr. Anjali Nigam, CEO & Founder Director, White Swan Consulting Group discussed on 'Enhancing People & Organizational Effectiveness' through transformational leadership. She transforms people by her initiatives of Neem School-Value Generating training and Gender Sensitization training. With beautifully quoted, heart touching case studies she tried to reinforce that "leadership starts from a single small step". She also developed a framework to transform students wherein all faculties' presented their inputs.

Dr.Umesh Sharma Psychologist,BHEL ,President SAMVEDNA focused on Talent Activation for Learning, Emotional empowerment and Nurturing Self Trust .He provided professional advice to the participants so that they can rightly encounter problems in their personal and professional life .He suggested practical steps to strike balance among conflicting priorities & multiple responsibilities. He tried to activate Natural Assets by helping individuals to flourish and thrive. Relevant actions and possible solutions were provided to the faculty as per their query.
